PROFESSIONAL EXPERIENCE

AI Safety Awareness Program

May 2026 - Present

Educational Workshop Facilitator

- Delivering educational resources regarding AI development, alignment, AGI transition and Superintelligence concerns to local community.
- Leading interactive workshop with deepfake demonstrations and answering audience questions.

Ohio State Department of Engineering, Columbus OH

Aug 2025 - May 2026

Teaching Assistant and Tutor

- Improved test scores of Computer Science students by tailoring lesson plans to individual learning styles.
- Assisted professor with any teaching related needs; provided thorough review and grading (with written feedback to students) of homework submissions and final coding projects.

Midwestern Collegiate Taekwondo Conference, Chicago IL

Aug 2021 – April 2026

Tournament Coordinator, Head Competition Official at Ohio State

- Organized lodging and transportation, financial budgeting and registration operations for the Ohio State team to major competitions in 7 states.
- Responsible for orchestrating end-to-end logistics for the largest tournament in conference history, managing complex travel itineraries, venue coordination, and equipment preparation for over 250 participants.
- Developed and implemented extensive training for a 20-person host tournament team, allowing for efficient operation of local tournament.

Ohio Department of Rehabilitation and Corrections, Lancaster OH

Jan - May 2025

Student Educator

- Participated in the Ohio Prisoner Education Exchange Program (OPEEP), improving inmate students' scientific literacy while discussing contentious topics in a one-on-one setting.
- Collaborated with faculty to improve curriculum design, instructional methods, and student support initiatives for inmates.

Cognitive Psychology Lab, Columbus OH

Aug- Dec 2023

Research Assistant to Dr. Brian Siefke

- Investigated the cognitive mechanisms of attentional bias, analyzing the impact of word connotation on information processing
- Synthesized multifaceted research data into clear findings with cognitive modeling. Managed deadlines and coordinated with faculty to ensure timely delivery of project milestones.
